

ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

VIII. Type of Regulated Waste Activity (Mark 'X' in the appropriate boxes. Refer to instructions)

A. Hazardous Waste Activities

1. Generator (See Instructions)
☐ a. Greater than 1000kg/mo (2,200 lbs.)
☒ b. 100 to 1000 kg/mo (220-2,200 lbs.)
☐ c. Less than 100 kg/mo (220 lbs.)
2. Transporter (Indicate Mode in boxes 1-5 below)
☐ a. For own waste only
☐ b. For commercial purposes
- Mode of Transportation
☐ 1. Air
☐ 2. Rail
☐ 3. Highway
☐ 4. Water
☐ 5. Other - specify _____
- ☐ 3. Treater, Storer, Disposer (at Installation) Note: A permit is required for this activity, see instructions.
- ☐ 4. Exempt Boiler and/or Industrial Furnace
☐ a. Smelting, Melting, and Refining Furnace Exemption
☐ b. Small Quantity On-Site Burner Exemption
- ☐ 5. Underground Injection Control

C. Used Oil Management Activities

1. Used Oil Transporter/Transfer Facility - Indicate Type(s) of Activity(ies)
☐ a. Transporter
☐ b. Transfer Facility
2. Used Oil Processor/Re-refiner - Indicate Type(s) of Activity(ies)
☐ a. Processor
☐ b. Re-refiner
- ☐ 3. Off-Specification Used Oil Burner
4. Used Oil Fuel Marketer
☐ a. Marketer Who Directs Shipment of Off-Specification Used Oil to Used Oil Burner
☐ b. Marketer Who First Claims the Used Oil Meets the Specifications

B. Universal Waste Activity

- ☐ Large Quantity Handler of Universal Waste

IX. Description of Hazardous Wastes (Use additional sheets if necessary)

A. Listed Hazardous Wastes. (See 40 CFR 261.31 - 33; See instructions if you need to list more than 12 waste codes.)

1 F 0 0 3	2 D 0 0 1	3 D 0 0 8	4 D 0 0 9	5 D 0 1 1	6 D 0 1 8
7 D 0 3 9	8 D 0 4 0	9 D 0 0 6	10	11	12

B. Characteristics of Nonlisted Hazardous Wastes. (Mark 'X' in the boxes corresponding to the characteristics of nonlisted hazardous wastes your installation handles; See 40 CFR Parts 261.20 - 261.24; See instructions if you need to list more than 4 toxicity characteristic waste codes.)

(List specific EPA hazardous waste number(s) for the Toxicity Characteristic contaminant(s))

1. Ignitable (D001)	2. Corrosive (D002)	3. Reactive (D003)	4. Toxicity Characteristic	1	2	3	4
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>				

C. Other Wastes. (State-regulated or other wastes requiring a handler to have an I.D. number; See instructions.)

X. Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Hazardous Waste Inspection Report
Comments - Part C

Date of Inspection 2/2/95 Identification Number PAD098439037
Company, Installation Name PPG Ind.
County Blair Municipality Artis Twp.

PPG has substituted zinc-based paint for lead-based paint used in screening backlites. This has eliminated the largest HW stream, broken + off-spec lead-contaminated glass. This has enabled PPG to attain SQG status and the appropriate EPA 11-Notification was made 7/94.

H031 PPC Plan must be updated to reflect changes in personnel. Corrections will be submitted to the Dept. within 30 days.

This inspection report is official notification that a representative of the Department of Environmental Resources, Bureau of Waste Management, inspected the above installation. The findings of this inspection are shown in this report. Any violations which were uncovered during the inspection are indicated. Violations may also be discovered upon examination of the results of laboratory analyses and review of Department records. Notification will be forthcoming, confirming any violations indicated herein and listing any additional violations.

Hazardous Waste Inspection Report
Comments - Part C

Date of Inspection 2/7/94 Identification Number PAD 098439037
Company, Installation Name PPG Industries Inc.
County Blair Municipality Antis Twp.

Line H011, H020, H024 One 5-gal. container of naphtha-
paint waste in accumulation area failed to exhibit a H.W.
label and accumulation date. This was resolved this date.

PPG now uses a non-hazardous paint in place of lead to
screen-paint backlights. This change took place in early
1993. All broken backlight glass is now non-hazardous
and has been shipped as non-hazardous for recycling
since 9/93. Source Reduction Strategy, now under
development, will reflect this.

Internal H.W. audit appears to indicate that this facility
is now a SQG. PPG will monitor H.W. generation through
2nd quarter 1994 and at that time will re-notify as a
SQG if appropriate (form provided).

This inspection report is official notification that a representative of the Department of Environmental Resources, Bureau of Waste Management, inspected the above installation. The findings of this inspection are shown in this report. Any violations which were uncovered during the inspection are indicated. Violations may also be discovered upon examination of the results of laboratory analyses and review of Department records. Notification will be forthcoming, confirming any violations indicated herein and listing any additional violations.

Hazardous Waste Inspection Report
Comments - Part C

Date of Inspection 2/2/93 Identification Number PAD 898439037
Company, Installation Name PPG Industries, Inc.
County Blair Municipality Antis Twp.

262.20 (g)(5) S.C. Manifest of 9/16/92 and 12/9/92
failed to exhibit State Transporter ID # in the
proper block (Dart Trucking Co.)

Resolved this date on Gen. copy

This inspection report is official notification that a representative of the Department of Environmental Resources, Bureau of Waste Management, inspected the above installation. The findings of the inspection are shown in this report. Any violations which were uncovered during the inspection are indicated. Violations may also be discovered upon examination of the results of laboratory analyses and review of Department records. Notification will be forthcoming, confirming any violations indicated herein and listing any additional violations.

**ACKNOWLEDGEMENT OF NOTIFICATION
OF REGULATED WASTE ACTIVITY
(VERIFICATION)**

This is to acknowledge that you have filed a Notification of Regulated Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

Hazardous Waste Inspection Report
Comments - Part C

Date of Inspection 2/5/92 Identification Number PAD 088439037
Company, Installation Name PPG Industries, Inc.
County Blair Municipality Antis Twp.

PPG now generates waste cullet glass which is D008. This waste is stored in dumpster H.W. containers and is shipped to TSD every 3-4 days.

262.13 Authorization letters are needed from two new TSD's

262.34 (a)(3) Provisions must be made for weekly inspections of H.W. storage area during plant shutdowns and vacations.

265.173 (a) Containers of H.W. must be covered and kept closed when in storage, except to add or remove waste.

The above violations must be resolved within 30 days.

This inspection report is official notification that a representative of the Department of Environmental Resources, Bureau of Waste Management, inspected the above installation. The findings of this inspection are shown in this report. Any violations which were uncovered during the inspection are indicated. Violations may also be discovered upon examination of the results of laboratory analyses and review of Department records. Notification will be forthcoming, confirming any violations indicated herein and listing any additional violations.

Re: Non-Compliance Hazardous Waste Activity
PPG Industries, Inc.
Tipton Facility
I.D. No. PAD098439037
Antis Township, Blair County

Gentlemen:

Pursuant to the meeting on March 5, 1990, I am forwarding three (3) copies of a Letter-Agreement in settlement of PPG Industries, Inc.'s (hereinafter "PPG") violations of the Pennsylvania Solid Waste Management Act, Act of July 7, 1980, P.L. 380, 35 P.S. §6018.101 et seq., (hereinafter "SWMA"), and the Rules and Regulations promulgated thereunder which occurred on January 18, 1990 at PPG in Antis Township, Blair County, Pennsylvania.

Please have two (2) authorized officials of PPG sign and affix the corporate seal to all three (3) copies and return them to this office within ten (10) days of your receipt thereof. You will receive an executed copy for your records after the document is signed on behalf of the Department of Environmental Resources (hereinafter "DER" or "Department").

The Department has found and determined, and PPG has agreed, that the following statements are true and correct:

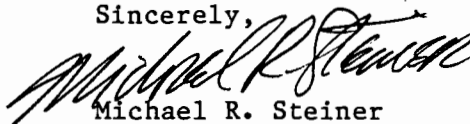

1. PPG, a Pennsylvania corporation, is engaged in the fabrication of automotive plate glass at Route 220, Tipton, Antis Township, Blair County, Pennsylvania 16686 ("Tipton Facility").
2. PPG generates hazardous waste at the Tipton Facility and is identified by the Generator's U.S. E.P.A. I.D. No. PAD098439037.
3. An inspection of the Tipton Facility by the Department on January 18, 1990 revealed:
 - a. PPG could not produce a copy of a written authorization from the hazardous waste management facility designated by PPG to receive shipments of hazardous waste from the Tipton Facility, contrary to 25 Pa. Code §75.262(d)(1).

- b. PPG failed to have available at the Tipton Facility U.S. Department of Transportation approved placards to offer hazardous waste transporters, contrary to 25 Pa. Code §75.262(f)(2).
 - c. PPG failed to permanently mark a hazardous waste container at the Tipton Facility in accordance with U.S. Department of Transportation Requirements, contrary to 25 Pa. Code §75.262(f)(1)(iii).
 - d. PPG failed to furnish to the Department upon request records that document that the training required under 25 Pa. Code §§75.265(f)(1)-(7) has been given to, and completed by facility personnel, contrary to 25 Pa. Code §75.265(f)(6)(iv).
 - e. PPG's failure to properly label its containers at the Tipton Facility, and failure to date each container as to when hazardous waste was placed in the containers, in violation of 25 Pa. Code §§75.262(g)(1)(ii) and (iv), resulted in a temporary loss of the exception provided at 25 Pa. §75.262(g), and, as such, constituted an accumulation of hazardous waste without a permit as required under 25 Pa. §75.270(a) and Section 401(a) of the SWMA, 35 P.S. §6018.401(a).
4. The violations and conditions, as described in Paragraph 3 above, constitute unlawful conduct pursuant to Sections 403(b)(2), (9) and (11), and 610(4) and (9) of the SWMA, 35 P.S. §§6018.403(b)(2), (9) and (11), and 6018.610(4) and (9); constitute a public nuisance pursuant to Section 601 of the SWMA, 35 P.S. §6018.601; and subject PPG to civil penalty liability pursuant to Section 605 of the SWMA, 35 P.S. §6018.605.
5. In settlement of all claims for monetary penalties assessable pursuant to Section 605 of the SWMA, 35 P.S. §6018.605, for the violations described in Paragraphs 3 and 4 above; PPG agrees to pay to the "Commonwealth of Pennsylvania Solid Waste Abatement Fund" the sum of Three Thousand Dollars (\$3,000). This sum is a figure for settlement purposes only as set forth herein, and shall be due and payable upon execution of this Letter-Agreement. Said Three Thousand Dollar (\$3,000) payment shall be submitted to the Department together with the signed copies of this Letter-Agreement and shall be in the form of a certified check or the like, made payable to the "Commonwealth of Pennsylvania Solid Waste Abatement Fund" and shall be forwarded to the Regional Solid Waste Manager, Bureau of Waste Management, Department of Environmental Resources, One Ararat Boulevard, Harrisburg, PA 17110.

PPG Industries, Inc.
June 1, 1990
Page 3

6. In consideration of the timely receipt of the above payment and the execution of this Letter-Agreement by PPG, the Department agrees not to initiate any action pursuant to Section 605 of the SWMA, supra, against PPG for violations of the SWMA which occurred on January 18, 1990 as described in Paragraphs 3 and 4 above; provided, however, that nothing in this Letter-Agreement shall be construed as to relieve PPG from any future liability for environmental damage which may have resulted from the activities described herein.
7. Nothing contained in this Letter-Agreement shall be construed to relieve or limit the obligations of PPG to comply with the terms and conditions of any permit existing or hereafter issued by the Department to PPG or to limit any civil or criminal liability of PPG for violations of the law except as specifically set forth in Paragraphs 5 and 6 above.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael R. Steiner", is written over the typed name.

Hazardous Waste Inspection Report
Comments - Part C

Date of Inspection 1/18/90 Identification Number PAD 098439037 -
Company, Installation Name PPG Industries, Inc.
County Blair Municipality Antis Twp.

- 75.262 (d) Authorization letters from TSD's are not available on-site.
- 75.262 (f)(1)(iii) One drum of hazardous waste in storage failed to exhibit PA hazardous waste label.
- 75.262 (f)(2) Placards were not available on-site to offer hazardous waste transporters.
- 75.262 (g)(1)(i) One drum of hazardous waste remains in storage beyond 90 days. Several PA labels were illegible.
- 75.262 (g)(iv) Several drums of hazardous waste lacked accumulation dates signifying the date waste first enters the drum.
- 75.265 (f) A training program for personnel which specifically fulfills these requirements must be developed, implemented and documented.
- 75.265 (g)(5) Drum storage area inspection log must be modified to document drum condition, labeling requirements, etc.
- PPG is no longer a SQG and must re-notify as a generator - Form 53 provided.

Land Ban: Copies of LDR Notification forms are not being retained by the generator and attached to manifests for land ban wastes.

This inspection report is official notification that a representative of the Department of Environmental Resources, Bureau of Waste Management, inspected the above installation. The findings of this inspection are shown in this report. Any violations which were uncovered during the inspection are indicated. Violations may also be discovered upon examination of the results of laboratory analyses and review of Department records. Notification will be forthcoming, confirming any violations indicated herein and listing any additional violations.
